 10 Primary Schools
 5 High Schools

8,729 Students

91 committee members

5 workshops

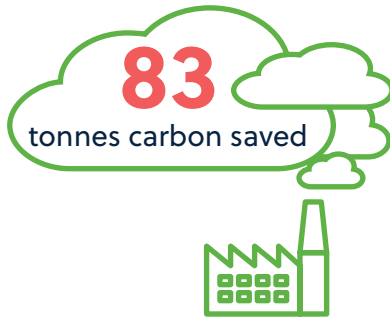

15 meetups

IMPACT IN ONE YEAR

Action Plans

\$29,600

saved from utility bills across best performing schools

\$10

per student saved on average

INDIVIDUAL SCHOOLS FOUND SAVINGS OF

\$8,000

on every electricity bill by tuning their BMS

10,000

litres a day on hidden water leaks

\$29

a day by turning off gas pilot lights

\$6,400

a year on incorrect billing for non-existent toilets

BUT WAIT THERE'S MORE!

50,000 trees were planted to offset the schools' total baseline emissions of **3,800 tonnes** CO₂-e

Join us! Be part of the national pilot launching in 2018!
