

15 Schools
 10 Primary Schools
 5 High Schools

8,729 Students

91 committee members

5 workshops

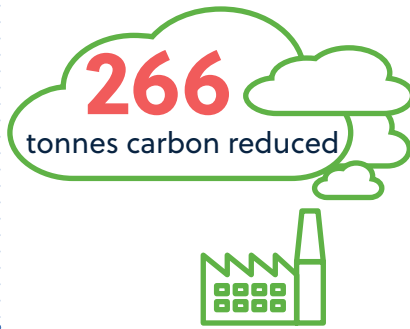

15 meetups

IMPACT OVER 2 YEARS

Action Plans

\$38,000

saved from electricity bills across best performing schools

\$30

per student saved on average of the 70% of schools that reduced

INDIVIDUAL SCHOOLS FOUND SAVINGS OF

\$8,000

on every electricity bill by tuning their BMS

10,000

litres a day on hidden water leaks

\$29

a day by turning off gas pilot lights

\$4,320

a year on incorrect billing for non-existent toilets

BUT WAIT THERE'S MORE!

50,000 trees were planted to offset the schools' total baseline emissions of **3,800 tonnes CO₂-e**

Join us! Be part of the national pilot in 2018!
